

Verein zur Förderung der Forschung
und Ausbildung für Faserstoff- und
Verpackungschemie e. V.

**Invitation to the 31st VFV Lecture Event
“Trends 2026 in the Field of European Food Packaging“
on 28 April 2026 in Aschaffenburg**

On the occasion of the annual general meeting of the research association "Verein zur Förderung der Forschung und Ausbildung für Faserstoff- und Verpackungschemie e.V. (VFV)", a lecture event will take place for the 31st time concerning topical issues in the field of food packaging.

Once more many qualified orators from various sectors of the manufacturing process, the refinement and the analysis of food packaging materials are invited for many issues. As soon as the agenda is at hand, we will publish it on our homepage.

For the most recent information on the event, please visit our website

https://www.vfv-aschaffenburg.de/index_e.htm

The conference languages are German and English. All lectures will be translated simultaneously.

We would very much appreciate to be able to welcome you at the conference.

The lecture event will take place on

28 April 2026 in the Stadthalle Aschaffenburg.

Chairman: Dr. Ralph Derra, ISEGA Forschungs- und Untersuchungs-Gesellschaft mbH, Aschaffenburg

Costs per person: € 420,00 or € 320,00 for VFV members respectively
(additional € 13,00 for administration costs will be charged for foreign participants)

Documents, dishes and drinks offered are included in the fee mentioned above.

Please give your binding registration until 17 April 2026:
